

## I. EXECUTIVE SUMMARY & VERDICT

|                                                  |                                 |
|--------------------------------------------------|---------------------------------|
| Target Market: CHINA CUSTOMS (GACC Protocol)     | AI Confidence Score: 96.8% High |
| Product: Sầu riêng Tươi Ri6 (Fresh Durian)       | HS Code: 0810.60.00             |
| Organization: Công ty CP XNK Nông Sản Tây Nguyên | Tax Code: 0108991234            |

## II. SHIPMENT & DOCUMENTATION SPECIFICATIONS

| Parameter                   | Specification Details                              | Verification Status |
|-----------------------------|----------------------------------------------------|---------------------|
| Batch Code                  | DURIAN-2026-CN088 (Volume: 18.5 Tons / 925 Crates) | VERIFIED            |
| Plantation Unit Code (PUC)  | VN-WBPH-0125 (Hàng L Registered PUC)               | GACC ACTIVE         |
| Packing Facility Code (PHC) | VN-DBPH-088 (Approved Packhouse)                   | GACC ACTIVE         |
| Phytosanitary Certificate   | PSC-VN-2026-9912 (Issued: 08/08/2026)              | VALID (Exp: 23/08)  |
| Lab MRL Test Report         | LAB-EUROFINS-2026-8812 (Eurofins Agroscience)      | PASSED 54 MRLs      |

## III. DETERMINISTIC RULE ENGINE TEST MATRIX (MRL & PHYTO)

| Tested Parameter / Chemical    | GACC Max Limit      | Measured Value       | Rule Result |
|--------------------------------|---------------------|----------------------|-------------|
| Cadmium (Heavy Metal)          | $\leq 0.05$ mg/kg   | 0.02 mg/kg           | PASS        |
| Dithiocarbamates (Pesticide)   | $\leq 2.00$ mg/kg   | 0.72 mg/kg           | PASS        |
| Chlorpyrifos (Organophosphate) | $\leq 0.01$ mg/kg   | 0.003 mg/kg          | PASS        |
| Phytosanitary Validity Period  | Valid on Inspection | Valid (12 days left) | PASS        |
| PUC / PHC GACC Authorization   | Listed on GACC List | Active & Matched     | PASS        |

## IV. AI GEMINI DEEP ANALYSIS & LEGAL CITATIONS

### Finding #1 (Severity: Informational)

Interval between Lab Sample collection and Container loading is 3 days (Within compliant boundary < 7 days).

**Legal Citation:** Section 4, China GACC - Vietnam MARD Protocol on Durian Export (Ref: GACC-PROT-2022-DURIAN).

### Finding #2 (Severity: Medium - Action Required)

Outer carton labels require supplementary Chinese text containing PUC Code prior to sealing.

**Legal Citation:** Decree No. 248/2021/GACC - Administration of Import & Export Food Safety Labeling.

**Remediation Action:** Affix supplementary Chinese PUC sticker to 925 crates before container seal.
